Developing criteria for training in Renal Pathology.

The following information may be needed for consideration of sponsorship for a scientific meeting:

Title, target audience, potential number to attend.

Time and place of the proposed event.

Financial support, if any.

A draft of the preliminary program and potential speakers.

Extent of RPS participation.

Willing to put RPS logo in the flyers and announcements

Willing to announce the meeting in RPS website.

Willing to post proceedings in RPS website.

Inclusion of at least one or more RPS members in the Educational programs is suggested.

All requests are sent to the RPS Secretary's office (Dr. Sharan Singh – hsingh@med.unc.edu).

Send specific requests to BOD for discussion, if there is a question or controversy.
