The scientific session of the Renal Pathology Club began at 7:15 AM on December 7, 1986 as part of the program of the National Kidney Foundation. The meeting, which had been organized by Dr. Liliane Striker, was on diabetic kidney disease. The speakers included Drs. The meeting was well attended and very well received.

The meeting of the Steering Committee followed, with selection of cystic kidney disease as the topic for next year, under the chairmanship of Dr. Frank Carone. We will continue negotiations with Drs. Ira Greifer and Shaul Massry of the National Kidney Foundation for a better time slot.
